Job Valuation: \$: _____

- If the project is for the maintenance of an existing utility only, no PE Stamp is required.
- If a project is valued under \$8,000.00, no PE Stamp is required.
- If a project is valued over \$8,000.00, PE Stamp is required.

CONSTRUCTION NOTES:

- The Right-Of-Way (ROW) must be restored to its original condition including replacement of sod.
- The Right-Of-Way (ROW) restoration must be complete within 30 days of the completion of the project.
- All City streets and driveways must be bored. (Open cut paved areas are subject to approval by the City Engineer.)
- Traffic control must comply with the Texas Municipal on Uniform Traffic Control Devices.
- All contractors must have an approved copy of the Right-Of-Way (ROW) permit on site.
- In the event a Company fails to obtain a permit prior to the installation or does not install utilities in compliance with installation requirements (i.e., depth, location). The Company and Contractor assume all financial responsibility for damages and/or destruction of lines, cables, etc. based upon its failure to comply with City requirements.
- ROW Permit will be issued upon approval by the City Engineer or designee.
